# ELECTRO CAUTERY

## EFFICIENCY

This method is preferred by surgeons by removal of warts Acne keloid, Corns, Cysts, Chonicrood, Tumours, Vaginal Cysts, Moles, Fibroma, Small tumours, Conjuctivities, Epilation (Electrolysis) etc.

Excellent cosmetics result and obtained with little or no side effects.

Abnormalities are removed bloodlessly.

# Thermo Cautery / Battery Cautery

## SPECIAL FEATURES

1. Handy, Light weight.
2. Easy to handle since it is shaped like a pencil
3. Wireless, hence it can be used whenever there is no electrical power supply accessible.
4. Owing to low cost and operational possibilities it can be used as a complement to a high frequency electro cautery.
5. Straight or curved operating tips for every day use.
